DENOUNCES FALSEHOOD

**Morrow Shows Where He
Got Campaign Funds.**

**Not One Dollar Furnished By
Anyone Connected With
Liquor.**

Somerset, Ky., July 24.—Hon. Edwin P. Morrow, candidate for the Republican nomination for Governor upon being interviewed concerning a statement made by Mayor Buschmeyer, of Louisville, which appeared in the Evening Post of July 23 regarding the race for Governor, said tonight:

"My attention has been called to the statement of Mayor Buschmeyer in which he has seen fit to use the following language: 'There is no contest in the Republican party. E. P. Morrow, the choice of a Republican brewer at Newport, and a Republican distiller at Owensboro, has that nomination secure, thanks to the support of a well financed campaign committee, whose affairs were managed by Phil W. Grinstead, late of the American School Company, a most adroit politician.'"

Has No Committee.

"I have had no campaign committee. I have no campaign headquarters save the law office in the town where I live. My campaign fund has been so pitifully small that I am ashamed to state its amount when I realize the tremendous expenditures of money which has been and is now being made by Democratic candidates.

"The total of all contributions to my campaign fund from every source has been the tremendous sum of eight hundred and ten dollars. This sum came from the following sources of which I am not ashamed but very proud, because, small as it is, it represents the affection of those who have known me best thruout my life:

Where Money Came From.

"From my brother, W. B. Morrow, three hundred dollars; from another brother, schoolmates and personal friends in Pulaski county, two hundred and fifty dollars, the largest contribution being twenty five dollars; from schoolmates and personal friends in Danville and Lexington, regardless of party, two hundred and sixty dollars.

"This meager sum has been expended for postage, telephone, telegraph and advertising. My traveling expenses I have borne myself. Not a single penny has been given or used for me either directly or indirectly by any person connected with the distilling or brewer interest. Phil Grinstead has neither directly or indirectly had anything whatever to do with the management of my campaign or the financing of the same, nor has any other person connected in any way with the distilling business.

How Campaign Was Managed.

"My campaign has been managed in my absence by my brother, W. B. Morrow, with the assistance of the regular stenographer in my office, Mr. Otis Waddle, assisted by two young men, my personal friends, who without pay have helped to prepare for the mails the few letters which I was able to send out.

"My nomination has been made certain by the overwhelming and spontaneous sentiment coming from the rank and file of the Republican and Progressive parties, without regard to any business or interest unbribed and unbought.

"While it is humiliating to me to be compelled to state the meagerness of my campaign fund, yet to me it is a source of the deepest satisfaction that when the nomination of my party comes to me, my outstretched hand shall be clean to take and hold it, and my heart will be glad because my conscience will be clear."

State Aid Road.

Owensboro, Ky., July 26.—Beginning at Thurston and going four and seventy-six hundredth miles almost to Yelvington, Martin & Martin, contractors of Evansville, Ind., began work this morning on the first State-aid road in Western Kentucky. The

contract, let by the Daviess Fiscal Court several days ago, was approved by the State Road Commissioner. The road is to be ten-foot macadam and is to be constructed under the supervision of an engineer from the State Road Department. There will be three large steel bridges erected and the cost is to be \$26,500, half to be paid by the State. The road is known as the Owensboro-Hawesville road, and is the first inter-county seat roadway to be constructed.

**U. S. To Take Definite Step to Settle
Trouble in Mexico.**

Washington, July 26.—A definite step toward a settlement of the Mexican problem will be taken by the United States in the near future. Definite announcement to this effect was made today by the state department, through the nature of the contemplated action has not yet been disclosed. President Wilson is understood to be revolving several suggested courses in his mind. His decision will not be known until his return to Washington.

His most probable course, it was reported tonight, would be to urge Carranza for the last time to confer with the other factions relative to peace. Should Carranza again refuse, it is said an effort may be made to assemble the other Mexican leaders who will represent a majority of the people. The convention would arrange for a constitutional convention which would arrange for the erection of a government which the United States would recognize and help maintain.

Pike Contract Let.

Bids were opened Tuesday by the Ohio County Fiscal Court for the construction of 2 1/4 miles of pike on the Hartford and Centertown road. There were four bids, but Smith & Crahan, of Breckenridge county, were found to have the lowest bid. After some changes in their bid which materially reduced the cost, the court accepted the bid and entered into contract with them. The amount to be expended will be \$17,000. A new bridge across Muddy creek is also provided for, the present one being declared unsafe by the engineer representing the State. The State pays one-half of the entire sum to be expended. This line will eventually be the connecting road with Greenville in the inter-county seat program mapped out by the State and this section is probably the most costly part of it, because of necessary levying to get above high water and straightening the road at one point.

Death of E. P. Barnett.

Elijah P. Barnett died Sunday afternoon at 2 o'clock, at the home of Mr. Joseph Thomason on lower No. Creek, of dropsy. He had been an invalid for thirty years, caused by a horse falling upon him. His fatal illness lasted about six weeks. He was a son of Robert E. and Amanda Barnett, both of whom have been dead many years. He was 64 years of age.

The funeral services were conducted at Alexander grave yard by Rev. R. D. Bennett Monday morning at 10 o'clock, after which the burial took place there.

Mr. Barnett was highly educated and seemingly had a bright future before him as a young man when the accident mentioned overtook him, blasting all his plans in life. He was surveyor of Ohio county one term and gave splendid satisfaction as an official. Peace to his ashes.

Starts Tour of Graves.

Mayfield, Ky., July 27.—Fresh from an ovation in Murray that evidently made him superior to the exhausting efforts of two speeches in an afternoon, H. V. McChesney arrived here last night and found Mayfield ready to welcome his message to Democracy with the same responsive spirit. A crowd that an average Saturday night could not duplicate, gathered in the county seat of Graves, and some 800 people tried to crowd their way into the circuit court room to hear. Many had to turn away for lack of room. He was introduced by Hon. M. D. Hoffield.

Tomorrow McChesney will tour the county, making four speeches during the day.

OTTO C. MARTIN

Hartford, Kentucky, July 30, 1915.

To the Republicans of Ohio County:

I would be glad to meet all of you between now and the primary election, August 7th, but in that short time it will be impossible for me to do so. I take this method of submitting finally my claims for the Republican nomination for Circuit Court Clerk.

I feel that I am well qualified for this position, having had considerable experience in the courts and know well the duties that would be required of your Circuit Court Clerk, and if nominated and elected to this high office I assure you I will use all means within my power to discharge the duties of the office in such a way and manner as to meet with the approval of the people of this county; that during the term of office you will have no reason to regret having supported me for this position.

I am a Republican and have used all honorable means to secure the election of the Republican ticket in national, state and county elections. My people are all Republicans and have always supported the nominees of our party and used their influence to secure the election of our candidates. If I should be nominated for this office I will make an active canvass of the county between now and the regular election in November, and use all honorable means to secure my election and the election of our ticket this fall.

I was born and reared on a farm and my sympathy has always been with and for the farmers and laboring class.

Thanking each and every one of you who have given me your support and influence in this campaign and trusting that I will receive it on August 7th, I beg to assure you that I have nothing but the kindest feelings for those who are supporting my worthy opponents, either of whom, if nominated would have my loyal support.

Again thanking you for your support and influence and hoping that I may have a continuance of same, I beg to remain,

Yours Very Respectfully,

OTTO C. MARTIN.

RECEIVER IS APPOINTED FOR NASHVILLE

**Robert Vaughn Put in Charge of
Affairs of Tennessee
Capital.**

Nashville, Tenn., July 27.—Chancellor Allison today appointed Robert Vaughn, a master in chancery, receiver for the city of Nashville. At noon Judge Matthews, in the Circuit Court, in response to proceedings under Tennessee's new "ouster law," suspended from office Mayor Hilary E. Howse and Commissioners Robert Elliott and Lile Andrews.

Andrews recently was dismissed by the City Commission. He and Controller Miles Burns, Treasurer W. H. West are under indictment in connection with the disappearance of certain books and records from the office of Controller. West's whereabouts are unknown. An audit and survey of the city's books is being conducted as a result of various charges of bad management and irregularities. Out of the charges developed petitions for receivership and ouster.

It is said that the city's credit and financial standing are not involved, the movement being directed only against officials for alleged misconduct.

Fair For Ohio County.

The Ohio County Fair Company has decided to give a three days fair at Hartford this year. The date will be Sept. 16, 17 and 18.

Special attractions are being arranged and the premium list will be larger and better than ever.

URGES REPUBLICANS VOTE IN PRIMARY

**County Chairman Kirk Addresses
Appeal to Party
Men.**

Hartford, Ky., July 30, 1915
To the Republican voters of Ohio County:

As our Primary Election approaches I feel that we ought to get interested and do our best to make a good strong showing for our party. If there was ever a year important to the Republicans of Kentucky, it is this one, and to make a good showing in the primary will be a long step toward success in November.

We have several good strong candidates for State and District offices who, by reason of the fact that they have no opponents, are already nominated under our Primary Election law, and have received their commissions as nominees for their respective offices. They are now fulfilled candidates for election and are highly qualified for the positions which they seek. Among them are our fellow townsmen, C. E. Smith for Commonwealth's Attorney, C. M. Barnett for Railroad Commissioner; also Mr. R. W. Slack, of Owensboro, for Circuit Judge of this district, and Thomas B. Gregor for Attorney General. The nomination of Hon. E. P. Morrow for Governor seems absolutely assured, and that of R. P. Green for State Superintendent of Public Instruction is a certainty, all of his opposition having withdrawn.

This will be our opportunity to select one of the strongest state tickets we have ever had to vote for in No-

vember. We have a good list of candidates to choose from.

It is earnestly hoped that every Republican voter will interest himself in this Primary and do his full duty on August 7.

Yours Very Respectfully,
A. D. KIRK, Chairman
Republican Ex. Com.

Death of Dr. Elgin.

Dr. W. R. Elgin died in New Orleans Monday morning. His brother Mr. Virgil C. Elgin was notified by telephone and left at once for Hopkinsville, the home of his father, Rev. Virgil Elgin, where the interment took place.

Rev. Elgin was four years pastor of Hartford Methodist church and has a host of friends here who are in deep sympathy with the family in their sad bereavement.

Later—it is learned that Dr. Elgin fell through an open window, accidentally from a third story and was killed instantly.

Death of "Aunt Gabe" Maddox.

Gabe R. Maddox, wife of our townsman J. T. Maddox Jr., died on Monday July 19th at 5 o'clock of kidney trouble and brights disease of which she had suffered since early in 1914.

"Aunt Gabe" as she was familiarly called by both old and young was the second daughter of W. I. and Nancy Ann Adkins both now deceased. She was born in Greenville Ky., on April 1st 1857, thereby making her 58 years, three months, and 18 days old.

When quite old her parents moved to Butler county after remaining here some few years they bought and moved to a farm near Cool Springs church where they lived until called to the other shore. At the age of 15 she united with the baptist church at Cool Springs under the ministry of Rev. Jas. Austin where she remained a constant and faithful member until she was called to the great beyond. She was married to Thomas Maddox Jr., son of Thomas and Delilla Maddox, in May 1890, no children being born to their union. She leaves 3 brothers, B. F. Adkins of the McHenry Lumber and Implement Co., Ralph and a half brother Wm. of Greenville, Ky., and four sisters, Mrs. Artha Adkins Smith, Mrs. Laura Maddox of this county and Janie Adkins of Greenville, Ky., and Mrs. Shelia Spolling of Waddox, Shelby county.

The funeral services were held at Cool Springs church, Rev. Hiram Brown preaching the funeral after which the remains were laid to rest in the Cemetery adjoining, among a large crowd of friends and relatives.

Peace to her ashes.

Walter M. Wright Suicides.

Tuesday's Louisville Times has the following account of the suicide of Mr. Walter M. Wright, who married Miss Daisy Stevens, daughter of Mr. Oscar Stevens, Beaver Dam, and who is well known there.

Two months ago Walter M. Wright forty-four years of age, a widely-known traveling salesman for a New York firm, purchased a revolver to protect his home against further visits of thieves after considerable jewelry had been stolen from the residence, 708 Rubel avenue. Several days ago he discussed with his wife the horror of suicide. He kept the revolver under the pillow of his bed. When he was taken ill Mrs. Wright sought for the pistol from the bed, but he objected, saying that they slept with the windows open and a thief might enter.

This afternoon, while delirious, he placed the muzzle of the revolver to his right temple and pulled the trigger. The bullet plowed through his brain and came out of the left temple. There is no hope for his recovery.

Mr. Wright had not been well for a month or more and for five days had a fever of 104. He had been delirious most of Monday and today. Mrs. Wright left his sick room to crack ice for his head. She heard a noise, sounding as if someone had fallen. It was the muffled pistol shot. Her husband was in bed, blood flowing from the wound in his head. She hurriedly summoned Drs. L. W. and Oscar Bloch.

Later—Mr. Wright died Tuesday night.

GERMANY ANSWERS NOTE

**Sends Another American
Vessel to Ocean Bottom.**

**President Wilson Has no Com-
ment to Make on Sinking
of Leelanaw.**

London, July 26.—Only meager accounts of the sinking of the steamer Leelanaw have reached here, but it is clear ample warning was given the crew, they even being given time to collect part of their effects.

London, July 26.—The American steamship Leelanaw, from Archangel July 8, for Belfast with a cargo of flax, was sunk Sunday by a German submarine off the northwest coast of Scotland. All the members of the crew of the Leelanaw were saved. They were brought into Kirkwall in their own boats.

The steamer left New York May 17, with a cargo of cotton consigned to Russia by way of Gothenburg. The vessel was detained at Kirkwall while inquiries were made as to the possibility of getting her cargo to Russia, as Sweden forbids the export of cotton. The ship was released June 26, with permission to proceed to Archangel, where the cotton was discharged and a cargo of flax was loaded for Belfast.

No details of the torpedoing of the Leelanaw have been received beyond a message stating that the crew had been safely landed at Kirkwall, Scotland, from which place they notified the American consul at Dundee of the sinking of the vessel.

A dispatch from Kirkwall to the Central News Agency says that after the members of the crew left the Leelanaw about a dozen shots were fired at the steamer. They failed to sink her, however, and she was ultimately sent to the bottom by a torpedo.

The members of the crew were taken aboard the submarine, the dispatch adds, and were well treated. When in sight of the Orkney Islands the men were ordered to return to their boats and the submarine disappeared.

The Leelanaw was owned by the Harby Steamship company, of New York. She was formerly called the Earnwell. She was 280 feet long and of 1,924 gross tons. She left Galveston May 5 and New York May 17 with a cargo of cotton for Archangel. Early in June she was detained by the British authorities at Kirkwall. This action was taken because her cargo, although destined for Russia, was consigned by way of Gothenburg, Sweden, which country forbids the export of cotton. Having discharged her cargo at Archangel, it is evident that the Leelanaw was returning from Archangel when she was sunk.

McCreary For McDermott.

Frankfort, Ky., July 28.—The political stock of E. J. McDermott today took a big jump when Gov. McCreary declared for him. "I am going to vote for Mr. McDermott for the Democratic nomination for Governor," said Gov. McCreary, when he was asked today if he had made up his mind whom he would support. Supporters of McDermott here are jubilant tonight. They say that McDermott is gaining so fast that Gov. McCreary could not stay out of the band wagon any longer.

Three Thousand People.

Murray, Ky., July 27.—The biggest crowd ever assembled here at a political speaking greeted H. V. McChesney, when he spoke here yesterday afternoon. He was billed to speak in the big Calloway county court house but the crowd was so large that he cut short his speech inside and went to the court house steps, where he addressed over 3,000 people that had gathered in front of the building and clamored for him to speak to them outside.

McChesney's friends since the ovation he received are estimating his majority in this county at more than 2,000.

LOUISVILLE MOOSERS AND REPUBLICANS UNITE ON ROY WILHOIT FOR STATE AUDITOR.

More Than Five Thousand Progressives and Independents Sign Petition Urging His Nomination.

ROY WILHOIT.

PETITION WHICH 5,100 PROGRESSIVES AND INDEPENDENTS OF LOUISVILLE AND JEFFERSON COUNTY HAVE SIGNED, URGING KENTUCKY REPUBLICANS TO NOMINATE ROY WILHOIT FOR STATE AUDITOR.

To the Republicans of Kentucky:

We, the undersigned Progressives and Independent voters of Louisville and Jefferson county, Kentucky, desiring to see Democracy ousted, both in the State and Nation, and believing that the prospects are bright for both, and realizing that such can be brought about only through union and harmony, request that in the selection of nominees for the various State offices in the coming State primary in August, 1915, you nominate men whom we can heartily support in the general election in November.

Realizing that it would be impractical to have a Progressive or an Independent as one of your nominees, we wish to state to you that the nomination of HON. ROY WILHOIT, of this city, for STATE AUDITOR, would be highly pleasing to us, as we have carefully watched his political course during the past few years, and during his race for Congress in this district last year he made direct appeals to the rank and file of the Progressive party and the Independent vote which attracted favorable attention from us, and won for him our admiration. He is young, aggressive, courageous, honest and capable, and we believe his nomination would unite the Republican party in the Fifth district, and we urge the Republicans of Kentucky to stand for his nomination.

We, the undersigned, Hugh H. Ellis and J. T. Rennison, Progressives of the city of Louisville, and B. T. Harsh, Republican, certify that we have examined the names signed to the above petition, and find the number of signatures to be as above stated.

Signed:

HUGH H. ELLIS,
J. T. RENNISON,
B. T. HARSH.

Mr. Wilhoit is able and capable—a vigorous campaign speaker and a good fighter. He will contribute much service and add strength by his effective campaigning all over the state. The Republicans have never carried Kentucky when they lost Louisville. It is the largest District in the State and in all fairness is entitled to a candidate on the Republican ticket, aside from its effect on the get-together movement.

Both of Mr. Wilhoit's opponents are from the Eastern part of the State from which section it is now certain that a majority of the ticket will be selected—one of them being from Franklin county, which county already has the Republican nominee for Attorney General. To refuse the Fifth District a single candidate and at the same time give to one small Democratic county two candidates for the most important offices would certainly be not only unfair but extremely unwise.

WHAT FORMER GOVERNOR WILLSON THINKS OF THE CANDIDACY OF ROY WILHOIT.

To the Republicans of Kentucky:

I believe that Mr. Roy Wilhoit, if nominated for State Auditor, will gain for the Republican ticket more votes in Louisville and Jefferson county than any other candidate to be voted for at the election. I believe he is the choice of those voters in Louisville and Jefferson county whose support will give us the best chance for victory this year and I hope he will be nominated.

(Signed) AUGUSTUS E. WILLSON.

HAS CLEAN AND BRILLIANT RECORD

LEADING BUSINESS MEN AND LAWYERS OF LOUISVILLE ASK FOR THE NOMINATION OF ROY WILHOIT FOR STATE AUDITOR. WEALTHIEST AND MOST INFLUENTIAL REPUBLICANS OF THE METROPOLIS ENDORSE HIM.

Louisville, Ky., July 9, 1915.

TO THE REPUBLICANS OF KENTUCKY:

We believe that the peculiar conditions existing in Louisville and Jefferson county, comprising the Fifth Congressional District of Kentucky, warrant our calling to your attention the importance of a careful consideration of the nomination of candidates upon the Republican State ticket to be voted for in the November election.

The results of the election in Louisville in November will, no doubt, bear largely, and perhaps decisively, upon the general result in the State. We believe we shall poll here the largest Republican vote in the history of the city, under favorable conditions. However, not over twenty-five per cent of the vote which we expect to receive at the general election can participate in the Primary Election on August 7th, due to the operation of a Democratic Election law. Therefore, the Republicans throughout the State who are desirous of seeing a united party in the City of Louisville should see that we have representation upon the State ticket. To do that it is important that they cast their votes for a candidate who would be the proper representation upon the State ticket, and one who can bring about a united party in this city and district in November.

We urge the nomination of Roy Wilhoit for State Auditor, and earnestly request the Republican voters of the State to support him in the Primary on August 7th. He is the choice of those voters upon whom we must rely to carry us to victory this year; and is our choice—and we might add is the unanimous choice of the Republican party in the City of Louisville and the Fifth District. We heartily unite in endorsing his candidacy.

My dear Mr. Perkins:

I am glad to endorse your candidacy for Auditor of Public Accounts, for the reason that I believe you are a man of upright character, liberal views, good sound sense, and have had a wide public experience that in every way fits you for the office to which you aspire.

I know you to be a self made man, and one who has the confidence of all those with whom you have come in contact in a business way, as well as the confidence of the community in which you live.

For the office which you seek, where honesty, sobriety, business experience and sound judgment count for so much, you are, I believe, in every way qualified.

Your service to your party ought to, and I dare say will, place you in a commanding position to insure their confidence and support. With best wishes for your success, I am,

How To Grow Red Clover.

The following which will be of interest to all our farm readers, was handed us by our county agent, Mr. Browder:

"The difficulties in the way of securing a stand of red clover seeded with the wheat or oats in the spring are so great that it seems we cannot afford to continue the practice.

The experience of the four Experiment stations, as well as a great many farmers located throughout western Kentucky, shows that the best time to sow this crop is in the late summer or early fall, without a nurse crop, instead of in the spring with wheat or oats.

The following method of preparation has been shown to be successful: As soon as the wheat or oats are harvested, disk the land then plow it. Keep the field well worked down during the summer, making a good seed bed. Before seeding time apply two to four hundred pounds of acid phosphate per acre and work it into the soil. Between August 20th and September 5th sow eight pounds of clean clover seed per acre.

The splendid clover that can be grown in this way will be astonishing.

The next year the clover will be found to be as large, if not larger than if sown the spring before. Every farmer in Western Kentucky should try a few acres in this way. Be sure to put on the acid phosphate. See your dealer in time and have him secure clover seed for this fall sowing for you.

Traveling Man's Experience.

"In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from four a. m. to 6 p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I took a double dose according to the directions and went to sleep after the second dose. At five o'clock the next morning I was called by my order and took a train for my next stopping point, a well man but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. Obtainable everywhere. m

ROOSEVELT ON BRYAN

Classes Bryan As Milk and Water Statesman.

Discusses National Crisis and Urges Preparedness and Universal Military System.

New York, July 19.—In a copyrighted article in the August Metropolitan Magazine, Col. Theodore Roosevelt, discussing the present national crisis, will say in part:

"Mr. Bryan resigns the foremost position in the American Cabinet and immediately addresses a large meeting of Germans, where he was very properly received with uproarious applause as a faithful servant of the present German Government, as a man, who however amiable his intentions, had in actual fact stood against the honor, and interest of America. Now, if Mr. Bryan were a German, the German Government would not for one moment permit him to make the kind of address against Germany that Germans applauded him for making against his own country, and ours. The success of the German policy of blood and iron largely depends upon their possible rivals and opponents adopting a policy of milk-and-water. The blood-and-iron statesman of one nation finds in the milk-and-water statesman of another nation the man predestined through the ages to be his ally and his tool.

"In 1814, a little over a century ago, in the course of the War of 1812, a small British army landed in Chesapeake Bay. It defeated twice its number of free-born American citizens, without training and discipline, who 'had leaped to arms,' as Mr. Bryan says, or become 'an armed citizenry,' as Mr. Wilson puts it. It then burned the public buildings at Washington. The 'armed citizenry'—upon whose potentiality President Wilson relies as an excuse for signal failure to make any preparation to do our duty by adequate preparation in view of the terrible world war now going on and of the situation in Mexico—fled with such unanimity and rapidity that only a score or so lost their lives.

"Thereupon the remainder, together with all the American editors and public men who for years had been screaming for peace and announcing that there was no need for preparing against war, instead of expressing their hearty shame and repentance for the national failure to prepare, became hysterical in attacking—with words only—the hostile army for having burned Washington. The British army a century ago was as profoundly indifferent to this attack as the war lords of Germany today are to our prattle about the Lusitania or the resolutions of our political orators on the Fourth of July. Such indifference was, and is, entirely justifiable. It was not a nice thing to burn the public buildings of Washington; but it was an infinitely worse thing for this country, after two years of war, to be utterly unable to protect its capital. It was not a nice thing to kill our women and children on the Lusitania; but it was an even meaner and more contemptible thing for us to fail to act with instant decision thereon—and had we so acted in the case of the Gulfight, a few days previously, the Lusitania would never have been sunk.

"We should have a system of universal military service in this country, as the Swiss have, as the Argentines have, as the Australians and New Zealanders in large part have. Switzerland would, perhaps, be the best model for us. Under a system like that of the Swiss there would be in this country military training in the upper grades of our schools; then on graduation from the high school the young man, say at some time between the ages of 18 and 21, would serve for a period not to exceed six months in the field in the army; after that first service he would serve a week or ten days every year for six or eight years, and then would go definitely into the reserve. He would be trained in rifle shooting.

Switzerland has tried this plan and it has succeeded well. Doubtless the shrieking sisterhood of pacifists, male and female, would say that it would tend to militarism. It would tend to nothing of the sort. Switzerland is the least militaristic of countries. Are those pacifists aware that Switzerland, with universal military service, has in proportion to its population only one-eleventh of the homicides that our people, with no military service, show? Such service would be good from the

standpoint of our civil life. It would be of incalculable benefit to us, industrially and socially. In Switzerland it has increased the industrial and social efficiency of the people. It has been of great benefit, physically and morally, to the individual and to the community as a whole.

Is Sickness A Sin?

If not, it's wicked to neglect illness and means of relief. It's wicked to endure Liver Ills, Headache, Indigestion, Constipation, when one dose of Po-Do-Lax is Podophyllin (May Apple), without the gripe. It arouses the Liver, increases the flow of bile—Nature's antiseptic in the Bowels. Your Constipation and other ills disappear over-night because Po-Do-Lax has helped Nature to remove the cause. Get a bottle from your Druggist to-day. Get rid of your Constipation overnight.

Against Lawlessness.

The following resolutions were adopted by Rockport Lodge No. 312, condemning the spirit of lawlessness which is now disgracing the fair name of our state and inflicting an irreparable, moral and material injury upon society, July 17, 1915:

Whereas, The highest form of patriotism is profound respect for and cheerful obedience to the laws, and Whereas, The Masonic Fraternity has always deemed it paramount to good citizenship to stand for peace, order and the reign of law, and

Whereas, Recent mobs have banded together in open violation of every principle that safe guards our lives, homes, liberties and property, and committed acts of violence no civilized community can tolerate, and which if unchecked will inevitably lead to bloody anarchy, and

Whereas, The enforcement of good and wholesome laws largely depend upon a sound and firm sentiment of the public of which every citizen is an important, and should be an active part.

Therefore, Be it resolved by Rockport Lodge No. 312, on the register of the Grand Lodge of Kentucky, of Free and Accepted Masons,

First, That we take this method of expressing our emphatic and unqualified condemnation of mob violence and manner of lawlessness, and

Second, That as a duty we owe ourselves and country, we pledge ourselves to uphold the right, and especially to stand by and support our public officials who are charged with the enforcement of our laws.

Diarrhoea Quickly Cured.

"About two years ago I had a severe attack of diarrhoea which lasted for over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever. Obtainable everywhere."

The Editor's Reply.

A Kansas man wrote to his newspaper and asked: "What's the matter with my hens? Every morning when I go to feed them I find some of them keeled over to rise no more." To which the editor replied: "They're dead."

Democrat's Blunders.

Every blunder in a statute is a gilded invitation to a law suit.

A typical example of one of these invitations, so numerous in practically every important statute passed by the Democratic Congress, occurs in Schedule B of the "war tax" law. It threatens to invite the effectiveness of the entire schedule.

That provision declares that "perfumery, cosmetics, and other similar articles," shall be taxed. What are "cosmetics?" The term is general, not specific. It is not defined in the law, and the question of what shall be termed a "cosmetic" has been plunged into doubt, which the courts only can finally clear up. A suit is now pending to determine it.

From the earliest days of attempts to enforce this schedule, there has been continual confusion. Many manufacturers of articles of this character resisted the tax, declaring that their goods were not "cosmetics." Revenue collectors were at sea, and conflicting rulings from Washington as to specific articles added to the confusion, delay and expense of administration.

The Internal Revenue office finally settled the difficulty by ruling that manufacturers of certain disputed products would be exempt from taxation if they changed their advertising.

The levying of the tax was thus made to depend, not upon the product itself, but upon the way it was advertised, virtually resolving a portion of Schedule B of the "war tax" law into a special tax upon advertising rather than upon the goods under discussion when Congress enacted the statute.

It is elementary in law that "interpretation of a law shall not usurp the function of legislation." This principle has been violated in the administration of the "war tax" law. The Democratic Congress named two conflicting dates as to the time Schedule B should take effect, and the Internal Revenue office by an arbitrary ruling had to determine what Congress intended.

The courts may decide that the same thing has happened in the rulings as to the tax on "cosmetics." In any event the history of this portion of the "war tax" law has served to emphasize the slovenly methods employed by the Democratic Congress. The Kentucky Sun.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

House and Lot For Sale.

We have for sale a lot containing 3/4 acre in old Fair ground addition on the pike, with 5 room cottage, good barn and all buildings. Fine well of water. About 50 young fruit trees beginning to bear. FRIDAY, JULY 30.

Mexico needs food while we watch and wait.

The high cost of living seems to be well entrenched.

No good citizen should fail to vote in the primary election.

Germany answered our latest note by sinking another ship.

There would be a fortune in an edition of "who is who," in Mexico.

England is economizing but she has not taken to Hamburger steak.

Put one down for Governor McCreary. He is not "to proud to fight."

Some women fight harder to get into society than they will pray to get to heaven.

If you keep quiet and listen you may learn a lot from people who talk too much.

People would like to have that 25lbs sugar for a dollar while preserving time is on.

We seem to be in a fair way to get the ill will of all the European belligerents except Belgium.

Penitentiaries seem to have trouble because the good prisoners object to associating with the bad ones.

President Wilson has extended the time in which he had warned the Mexicans that they must start to be good.

It looks like the Democratic race for Governor is now between McChesney and McDermott, from all we can learn.

Pity President Wilson did not know how to direct the framing of a Tariff bill as well as he does a note to Germany.

The various generals in Mexico all profess to be working to the same beneficent end, although applying different means.

Mr. Bryan expects to remain in politics. He will find however, that it takes more than a lecture course to finance a political campaign.

Europe seems to think the sea was made for a battle ground and that those who are not in the game should remain at home until the war is over.

A great deal of fun was made of Congressman Hobson a few years ago, because he fought for a larger and better Navy and army. It may soon be Hobson's turn to laugh.

Read Ed. Morrow's crushing reply to the lie published by the Evening Post, charging that the whisky interests financed his campaign for the nomination. He gives amount and names of contributors.

Louisville Democrats seem wide apart on the question of who stands the best show to beat, McChesney, Stanley or McDermott. Our private opinion is that they will yet have to compromise on Morrow.

By the way, why do we hear no more about that \$300,000 lost from the State Treasury. Cannot some of the Democratic candidates for Governor discuss this little matter for us?

Reader, when you pay a tax for a telephone message, freight bill, deed, note, marriage license or death certificate, remember it is not a Republican "tariff tax" which has hit you. It is a Democratic "war tax," in times of peace.

The Democratic race for Circuit Judge in this district continues hot and somewhat exciting in spots, with both sides claiming the best of it. Messrs. Ringo and Tanner seem to

have cooled off perceptibly since the Owensboro meeting and their speaking contest has proven a decided disappointment in Ohio county.

The Louisville Times warns the Democratic Secretary of State not to forget to advertise the Revenue Constitutional amendment this time. It will be remembered that the vote on this amendment which was carried, was rendered void two years ago, because Mr. Crecelius forgot to do his duty to advertise the election ninety days in advance.

Every Republican should vote in the primary election Aug. 7, and should vote in every race. Do not trust someone else to nominate your candidates. The State and County are going to enormous expense to provide a means to register your choice. The expense is incurred just the same whether you vote or not. Besides, you should vote in every race. Do not vote in one or two races and leave the balance blank. Vote a full ticket and help show your party strength.

Only One Sure Basis.

The Rochester Union intimates that "when Europe stops giving us orders for munitions of war, she will have to put in a lot of orders for plowshares." It has a pleasant sound and so long as the orders keep on coming there will be no grumbling on this side. But let us not forget what has caused our good fortune in foreign trade. It was the same war here referred to, not the present Democratic Tariff law. And if the United States continues for any time after the war in the role of a supply basis for Europe, it will be because of the helpless condition in which war has left industry abroad. For permanent activity along manufacturing lines in this country, there is only one sure basis—the Protective Tariff.—Wells (N. Y.) Herald.

War Cannot Last Forever.

Virginia is feeling big over the increase in the industries helped by the European war, but they must not forget the war cannot last forever, and unless Protection is restored to the country the factories now reopening will close at the close of the war.—Tazewell (Va.) Republican.

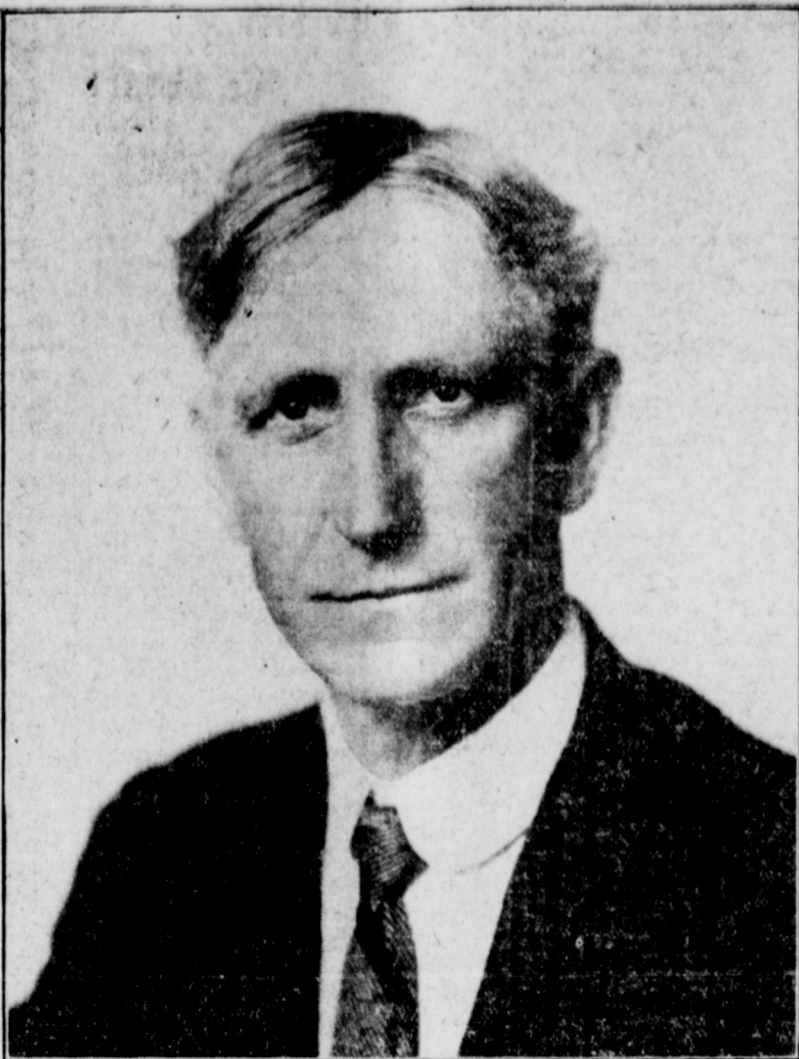

HON. W. S. DEAN.

The Hon. W. S. Dean, who is making the race for the Republican nomination for Representative from Ohio county, was born in Breckenridge county, September 29, 1863. He was born on a farm in a log cabin, which is said to very much resemble the type from which Abraham Lincoln sprang. He spent his boyhood on the farm and until he was 32 years of age. In 1895 he married an Ohio county girl, Miss Annie Renfrow, daughter of Mr. Virgil Renfrow, of Dundee. The same year he moved to Dundee, Ohio county and for twenty years has devoted his time to farming, stock raising and the milling business. His stand for moral social and material improvement has made him a power in his community.

In 1905 he was nominated by the Republicans for Magistrate in his district and served a four year term with great credit and satisfaction to all the people of the county. In 1909 he was nominated and elected Representative and served one term. His record in that position is clean and an honorable one. The record shows that he was always at his post when the roll was called and no vote can be found against the interest of the people.

He did not stand for re-election, but in 1913 his people again demanded that he represent them in the Fiscal Court, and he was nominated and elected to that important position and has proven faithful to his trust.

He now asks the Republicans of Ohio County to send him back to Frankfort this winter to represent the people in the House of Representatives. If given the nomination on August 7th he promises strong support from many men who belong to the opposite party, in a winning fight in November.

JOHN H. THOMAS

It has been the unbroken policy of this paper to take no part in the primary contests for the Republican nominations for county offices, nor have we heretofore taken a position in a primary contest between Ohio County Republicans for any office, but in the present race for the nomination for State Senator in this district we feel amply justified in breaking this rule.

In endorsing the candidacy of Hon. John H. Thomas we are voicing the sentiment of an overwhelming majority of the Republicans of Ohio county, who favor his nomination and election for these reasons:

For twenty-five years Mr. Thomas has been one of the most faithful and trusted leaders of his party in this county. Both as a speaker and a writer he has been an effective factor in every contest of his party since he was a mere boy. The confidence of his party is attested by the fact that three times when all the county officials were to be elected Mr. Thomas was called from his home in the country, fifteen miles away, to Hartford to manage the Republican campaign and the number of times he has so served his party shows how faithfully he fulfilled the trust. Interested for the success of his party rather than for honors for himself, Mr. Thomas has declined persistent and repeated solicitations to run for office, and only when the opportunity presented to appear for a position congenial to his taste and ability did he consent to offer himself as a candidate for State Senator.

Mr. Thomas was formerly editor of this paper, and as a contributor of political and literary matter to the press has shown his ability as a writer among the best in the State.

Mr. Thomas' strength as a writer and speaker, and his moral courage in public affairs fit him for a service in the Kentucky Senate that will reflect the highest credit upon both himself and the district. In the Kentucky Senate as in every other public assembly where he was interested John H. Thomas will be an important factor and the people of the district will know they have a Senator in the Kentucky General Assembly.

GREAT DISASTER AT CHICAGO

Excursion Steamer Turns Turtle in Chicago River.

More Than Thousand Men Women and Children Drown in Death Trap.

The greatest inland waterway steamship disaster, comparable in loss of life only with such awful catastrophes as the sinking of the Titanic and the destruction of the General Slocum, occurred on July 24 at Chicago, when the steel excursion steamship Eastland, while loaded to capacity or over with several thousands of men, women and children en route across Lake Michigan to attend a monster picnic of the employees of the Western Electric company, turned turtle immediately upon leaving her dock in the Chicago river. Hundreds of unfortunates were caught between decks and drowned like rats in a trap without a chance for their lives, for the list of the ship was so gradual and imperceptible to cause alarm and the capsizing so sudden there was absolutely no warning. Thousands caught upon the decks were injured by jumping or being thrown upon the decks or were drowned when they fell into the swift running river.

Chicago is mourning; all her morgues both temporary and permanent are filled with dead; all her hospitals are overflowing with the injured. The city has not been stirred since the fearful Iroquois disaster on Dec. 24, 1903.

Chicago, July 27.—With the taking of testimony by the coroner's jury the first open investigation of the capsizing of the Eastland started today. Secretary of Commerce Redfield also arrived today and took up what he promised will be thorough inquiry. Searching the river and the Eastland's hull for bodies continued today. At noon the official list of identified dead numbered 822; the unidentified, 5; missing, 393, making a total of 1,200.

Chicago, July 27.—With the arrival here today of Secretary of Commerce Redfield, steps were taken to determine what form the Federal investigation into the cause of the capsizing of the steamship Eastland at her dock last Saturday shall take. Secretary Redfield, following President Wilson's request for a thorough investigation is prepared to go into the case independently of the Federal steamboat inspection service, but will not announce his conclusions until he has had time to make a personal examination of conditions.

With the entry of the cabinet member into the case, no less than eight separate investigations are in progress or contemplated with the situation complicated by a clash between states' Attorney Hoyne and Federal authorities over the possession of evidence gathered by the Chicago police and which the latter on demand turned over to the government agents for presentation to the Federal grand jury.

Prices Higher to The Consumer.

The department of labor under the direction of the Wilson administration has prepared a statement on the cost of living which shows that meats have gone up 10 per cent. since the last Presidential election. Yet meats are on the free list. The price of milk has increased 3 per cent. and eggs slightly more than 3 per cent. Milk and eggs are on the free list.

The Payne Aldrich duty on eggs was five cents a dozen. It was removed in order to reduce the cost of living. When the wage earner studies this report he will realize the falsity of statements made by Free-Trade speakers during the campaign which resulted in the election of Woodrow Wilson. The oft-repeated cry that high prices were the result of the Tariff is refuted by the facts contained in the report. The remarkable rise in prices has taken place in spite of the Free-Trade Underwood law which placed foodstuffs on the free list to the great injury of the farmer, and as experience shows, without benefit to the consumer.

CAL P. KEOWN.

Fellow Republicans of Ohio county the campaign is now about ended and I want to present my plea. I have been a life long Republican. In 1882 at the request of my party I announced my candidacy for jailer and at the request of my party I withdrew, after that canvassing the county that they might form a fusion with the Greenback party. The jailer and sheriff were elected on the fusion ticket that year. Again a similar request was made in 1894 to become a candidate for sheriff. I was elected that year by a handsome plurality over a popular Democrat by a plurality of 299 votes. Again I became a candidate for sheriff in 1901, and was elected, after perhaps the hardest fought battle that was ever had in the county by a small majority.

Now I offer my services for Circuit Court Clerk. I have defeated two as strong men as the Democratic party has ever run. I am a Republican because of a deep conviction that the principles of that great party are best for the welfare of the State and Nation. My ambition to be Clerk is inspired by a keen desire to serve my party and country. I am asking my friends to go to the Republican primary and vote for me on Aug. 7.

A friend in need is a friend indeed, and I certainly would appreciate it if my friends would go out and vote for me. Remember what this would be for me and I certainly would most graciously appreciate the favor. I am making this race on a plea of service. I have given my entire life to the cause of the Republican party since my majority.

I have never accumulated any money in office, have always contributed my means to keep up the organization of the party when I was not a candidate the same as when I was.

Yours Truly,

THE OHIO COUNTY SOCIALISTS WILL MEET AT THE COURT HOUSE, HARTFORD, KY., IN MASS CONVENTION TOMORROW AT 10 O'CLOCK A. M. FOR THE NOMINATION OF CANDIDATES.
Miss Etta Holder was called to Rockvale, Ky., last Saturday on account of the illness of her aunt, Mrs. Sarah Clemmons. Mrs. Clemmons died Thursday night and Miss Holder returned yesterday.
Prof. R. P. Green, of Bowling Green, Republican candidate for Supt. Public Instruction, was here Friday on his way to Dundee where he delivered a fine address on Saturday during the Masonic barbecue.
For Sale—Six White Leghorn Cockerels, 4 months old. Purest strain of class in U. S. First choice \$3.00. Pedigree if required.
A. W. LOGAN, Braeside, Hartford, Ky.
312.
Quarterly meeting for Hartford Methodist church was held at Mt. Hermon last Saturday with dinner on the ground. Presiding Elder Rushing preached an able sermon at 11 o'clock. He also preached at Goshen Sunday at 11 o'clock.
HON. E. P. MORROW, REPUBLICAN CANDIDATE FOR GOVERNOR, WILL SPEAK AT LIVERMORE TOMORROW AT 1 O'CLOCK P. M. THE OCCASION BEING A GREAT W. O. W. BARBECUE. OHIO COUNTY SHOULD SEND A BIG DELEGATION.
The brick building corner of Main and Center streets, belonging to Mr. J. W. Ford, has been leased for a period of ten years by the Post-Office Department and the Hartford post-office will be moved to the new quarters August 1st. It is central, and well adapted to its new use.
The noted Evangelist, Earnest House and his singer of Oklahoma, will begin a series of meetings at the Christian church in Fordsville, Ky., about August 5th and judging from the numerous conversions and the great interest that has attended wherever this Evangelist has gone we predict a great meeting for Fordsville.
Esquire W. S. Dean brought to this office Tuesday, a sample of Sudan grass which was planted on his farm the 14th day of May. It measured 10 feet and 1 inch from tip to tip. It is the first ever grown in Ohio county and Esquire Dean obtained the seed from Texas. He has three acres more about three inches high which will mature before frost. It is claimed that the new grass will make excellent feed for all kinds of stock. The growth is wonderful. Come in and see it.
Elaborate arrangements are being made for the dedication of Hartford's new Methodist church which will take place the third Sunday in August. The sermon will be delivered by Bishop James Atkins, of Waynesville, N. C. The entire town is interested in this splendid building which is an ornament to the city. Heretofore the members of the Hartford church have borne the financial requirements. Now, no doubt all people in this vicinity will be glad to help lift the balance of the obligation and thus repay a people who have contributed to the erection of churches of all denominations in every section of Ohio county.
To Wheat Growers.
All who want to dispose of wheat—wet or dry—bring or send us sample of one half bushel on or before August 1st. Also state number of bushels you have for sale. We will be in a position by August 3rd to make you a price.

Becker Must Die.
Ossining, N. Y. July 28.—Charles Becker, in the death house at Sing Sing prison, to-night received calmly the news that his appeal for a new trial had been denied.
Father Cashion, the condemned man's spiritual adviser, said later that Becker bore up well.
Becker had been waiting for some news and when Deputy Warden Johnson reached his cell inquired: "Have I lost?"
Mr. Johnson replied: "Yes, Charlie, I am very sorry to say you have."
Becker's voice was thick as he said: "I had been hoping against hope that I would win and I am disappointed. I am not afraid to die."

SIMS WILL RUN FOR SENATE

Opposition to Tennessee's "Baby" Senator Is Announced.

Washington, July 26.—A veteran of the House will oppose the "Baby" of the Senate in Tennessee. Representative T. W. Sims, of the Eighth district announced today that he will seek the Democratic senatorial nomination against Luke Lea. Mr. Sims has been in the House eight years, and Mr. Lea will complete his first senatorial term in 1917.
In his announcement, Mr. Sims accused Senator Lea of persistent absenteeism and of continual operation in local Tennessee politics when great matters of State demanded the attention of the Senate. He stated that Mr. Lea was elected by a fusion combination over Benton McMillin and that he had "never known of an instance where the immediate beneficiary of party disruption and defeat has been rewarded by subsequent party approval and indorsement."
Mr. Lea, says the statement, has been absent from half the rollcalls during his time in the Senate, "so as to establish beyond doubt absolute and willful neglect of duty. Indeed, he is the first Senator from Tennessee against whom a compulsory progress of the Senate had to be issued in order to compel his attendance—and that, too, when an Administration measure of the greatest importance was the unfinished business of the Senate."
Albert Leach
Who is making the race for State Senator was born July 2 1878, on a farm near Cromwell. Was left an orphan at the age of four. He is self made. He has been a member of the Miners Union for fifteen years, served as a legislative delegate in 1908-1914 in the interest of organized labor. He was also district auditor for seven years, served in the House of Representatives in 1912 and stood for the rights and welfare of the great common people.
Mr. Leach is qualified to fill the office for which he is seeking the nomination.
Real Steps Toward National Preparedness.
No action undertaken by any of the numerous associations devoted to the improvement of the national defense has been more practicable or better calculated to achieve results than that which proposes to enroll all employers of labor for the encouragement of enlistment in the national guard.
In a numerous, well drilled and properly accounted body of citizen soldiers, instructed in the profession of arms, lies the only immediately available means of increasing our military establishment to a degree remotely approaching the pressing necessities of the country.
Unfortunately the national guard has not received in the past the encouragement from the public that an intelligent understanding of its functions and purposes requires. It has had to meet the open or secret hostility of the unthinking and to struggle against the indifference of the populace.
Were it brought to the place in the community it should occupy the menace of our present condition would be notably modified; and the taxpayers, while they would be called on to contribute something to its development, would still remain in happy ignorance of the burden imposed by a large standing army.—New York Sun.

CARL M. TAYLOR

Mr. Carl M. Taylor, who is making such a splendid race for the Republican nomination for Circuit Court Clerk, was born on a farm near Prentiss, Ohio County, March 22, 1877. He was educated in the public schools and at West Kentucky Seminary, Beaver Dam, and is well qualified for the position. He married Miss Ollie Hocker, an Ohio County girl, daughter of Mr. J. D. Hocker. Of three children born to them only one is living, a daughter eleven years old.

Mr. Taylor has been a farmer all his life, and a successful one. He never asked for office, but has been an active party worker, serving as precinct Campaign Committeeman on numerous occasions. While he solicits and will appreciate votes from all sections of the county, Mr. Taylor feels that he is especially entitled to consideration at the hands of the country voter. He will appreciate support at the primary, August 7.

L. L. EMBRY.

Mr. Embry, who is making the race for the Republican nomination for Representative, was born 36 years ago on a farm in Select precinct, spent his boyhood on the farm and received his early education in the public schools. Later he attended the Morgantown Seminary. He began teaching in the public schools in 1898, and has taught each year since, and at the same time has continued farming. Mr. Embry's father who was Vinson Embry, died while the subject of this sketch was only 17 years old and at a time when he was bending every energy in securing an education, leaving an invalid mother and small children, brothers and sisters, dependent on him for support. With unusual handicap, Mr. Embry has made his way in life and has accomplished what few men so situated could have accomplished. He is a self made man. He married Miss Eva Baize, in 1903, and they have three bright daughters. Mr. Embry is a good speaker and, if elected will be able to make his presence felt on the floor of the House of Representatives. He has never aspired to office before and now asks your support in the primary, August 7, 1915.

School Tax Due.

The school tax for Hartford Graded School district No. 1, is now due and a penalty of 6 per cent will be added after Aug. 15th. Call on me and get your receipt and save extra cost.
J. P. STEVENS,
314 Collector.

Directors Meeting.

The Board of Directors of the Hartford Tobacco Warehouse Co., are called to meet at the court house in Hartford, Ky., Saturday, July 31, 1915, at 10 o'clock a. m.

J. R. WELLER, Pres.

Notice.

We have leased the flour mill of the Hartford Mill Co. Have employed a first-class miller and as soon as we can get the mill thoroughly rehauled and equipped, we will be in position to do custom grinding and do a general milling business. Give us a trial and we will convince you that there is no better flour. The style of the new business is Ellis Flour Mill. We will continue the Feed and Produce business at our old stand.
114 W. E. ELLIS & BRO.

WALLACE H. RILEY.

Wallace H. Riley, who is seeking the Republican nomination for Circuit Court Clerk of Ohio County, was born in Hartford, July 21, 1884. At the age of five he went to the farm where he grew to manhood. Attended the Common Schools and later Hartford College, after his father moved back to town. In 1904 attended Georgetown College. He was married to Miss Myrtle Amerine Dec. 1905. Since then he has been in the employ of the Hartford Mill Co.
Mr. Riley has always been a Republican and although never before a candidate, he has at each election been active in behalf of the Republican candidates, and has always supported them. He has never held office, except for a brief time, serving as County election Commissioner. Is a member of the W. O. W., Macabees and Masonic lodges.
He feels that he is competent and deserving, if you think so he will appreciate your support at the primary Aug. 7.

Davis Reply To Tinsley.

The good old reverend brother at Simmons would have you believe that we Socialists would abolish religion. In that he tries to falsely impress the public. We couldn't abolish the kind that Jesus taught—peace on earth and good will to mankind. Because there is but little if any to abolish. We wouldn't if we could, and couldn't if we would. Personally I am against the kind of religion that makes its victim jump up and holler glory halleluiah, pop his heels together and perform a few other circus stunts on Sunday. Then on Monday he forgets what he done and said on Sunday. Tuesday he tells Charley Brown that old Bill (the bally horse) will pull anywhere when in reality he pulls nowhere, that he is 10 years old when he is really 20. On Wednesday he sells old Bill to Charley Brown, (the poor man) for \$50. when in reality he isn't worth 50cts. Old Bill dies during the coming winter and Charley skins him. He gets \$5.00 for his hide, as the only reward for his patience and tender care toward him during his last days. For the remainder of the week this pious old hypocrite who calls himself a follower of the Carpenter brags to his neighbors about being \$50 better off. He is \$50 worse off and so is Charley Brown.

We Socialists want that kind of religion that will set every slave free, and you know that we working people are slaves under our present capitalist system. That kind that would banish poverty from the working class and establish peace and good will among us while we are here in flesh and blood is the kind that socialists talk for, vote for and pray for.

I don't believe that it is possible for us to have practical christianity until we establish co-operation and Socialism in the place of competition and individualism.

Society today stands upon the rock of competition. Each and every one is for himself and the Devil is for us all. It used to be that every business man owned and run his own business but the business men saw that competition was too expensive, consequently they got together and formed great co-operations—some of them at least. The workers were slow to see that competition among the workers meant destruction but finally some of them got together and formed great labor organizations which are nothing but trusts.

We Socialists believe that competition among the workers and the speculators is slowly but surely dying. All of our anti-trust legislation won't revive it. Competition is war. Is there any christianity about war, Mr. Tinsley?

Mr. Tinsley says that they (the apostles) tried communion. I will admit that communion is related to Socialism but ancient communion couldn't be present day socialism. Read acts, 4-31,35.

Let us draw a line between communism and Socialism. We will use the religious and postal institutions as examples. The church house is a community of property. It belongs equally to all the members of the church. The church is an organization of individuals who seek to do the will of the Lord through an organized effort. That is practical communism.

The post office is owned by all the people. It is operated by the government for the interest of all the people. It is socially owned and socially used. No man has been made a millionaire and no man has been made a pauper by this institution. The government is supposed to operate the postal business at cost. The price of stamps is the same to everyone. The wages are good and the hours are not long. Do you think that this socialistic institution has hurt anybody's religion Mr. Tinsley? It hasn't destroyed the religion of the postman on route three for he passes my house singing happy religious songs and the good wage for the light work that Uncle Sam gives him, is sufficient to make life a pleasure for him and those who depend upon him. He is getting as fat as a butterball. This is practical Socialism.

Mr. Tinsley says that Socialism will undermine christianity. I challenge him to show the public that plank in the socialist platform that would hurt christianity.

Mr. Tinsley continues to blaspheme the name of Bro. Debs. Bro. Debs said in the Appeal to Reason that what he was alleged to have said about the preachers and inspiration was an infamous lie. Bro. Tinsley should write Debs at Terre Haute, Ind., and ask him about what he accuses him of saying. Then have his answer printed in the Republican. Won't you do that Mr. Tinsley? The public would watch for Mr. Deb's reply.

This Thomas cat at Simmons squalls like he might be effected with the johnny-jump-ups. He is continually jumping from earthly to heavenly things. He is in the air most of the time discussing religion. He hit the

earth in a few places and stayed long enough to tell us that the Socialists would confiscate their neighbors property.

The brother doesn't seem to realize that confiscation has been the game of speculators every since our nation was borned. All of our public utilities was made and developed by the producing class and we find that the non-producing class runs all of those public utilities that are privately owned. A look at the distribution of wealth as given in the table below will convince you that most of the nation's wealth has already been confiscated from its producers.

Distribution of wealth for 1900.
The wealthy class, \$50,000 and over, number 125,000, aggregate wealth \$33,000,000,000, average wealth \$264,000.

The well-to-do class, \$50,00 to \$5,000, number 1,375,000, aggregate wealth \$23,000,000,000, average wealth \$16,000.

The middle class \$5,000 to \$500 number 5,500,000, aggregate wealth \$800,000,000, average wealth \$150.

Total number 12,500,000, aggregate wealth \$65,000,000,000, average wealth \$5,200.

From Charles B. Spahr's distribution of wealth in the U. S. P. 56 a careful study of the table reveals to us the fact that the plutocratic class owns over 50 per cent of the nations wealth, yet it only composes 1 per cent of its population. We find that the eleven million families of the middle and poor classes own about 14 per cent of the nation's wealth, yet they composed about 88 per cent of the nations population.

He thanked his God for not being class-conscious. Yet he has lived among the workers and the shirkers for over one-half of a century. The shirkers own most of the public utilities. They try to set the price of labor and they do set the price on all manufactured articles. The workers have organized and are trying to set the price on their own labor. This causes a class struggle between the contending factions. It leads to strikes, disorder and bonehead. When the workers get thoroughly organized they will demand all they produce. Then the owners of the nations industries will close them for there will be no profit for them. As a result the general public will suffer as it does in all labor troubles. Then our Government will be forced to take over our public utilities and operate them for the interest of all the people.

Mr. Tinsley doesn't believe that our worst people are born of lawful intercourse. We Socialists believe that some of our worst people are born of lawful intercourse but not all of them.

Mr. Tinsley is trying to mislead the public on the morality of Socialism. He has been blaspheming and trying to steal the character of Bro. Debs.

Those who steal are thieves. Those who blaspheme are blasphemers. What does the Bible say about thieves and blasphemers Mr. Tinsley?

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSING, Box 8, Allyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

If I wanted to say something bad about the old parties, I would appeal to Theodore Roosevelt and the Federal grand juries for information.

I deny that the melting-pot is one of the leading Socialist papers in America. It deals almost entirely with religion. I have read a number of its issues but I have never seen anything in its columns that pertained to Socialism. Though I admit that its manager is an unbeliever I can find unbelievers in either of the old parties not 10 miles from Simmons Ky.

Mr. Tinsley said, "Do you notice any enthusiastic christian workers in the churches? If not why not? Yes there are active Christian Socialists in the churches of Ohio county. I will produce their names in my next article if you would have me to.

There are many Socialists who won't join the churches because they think the churches have failed to do that which they were organized for. I am personally acquainted with a prominent baptist who says that he will affirm that the churches of today are failures. Bro. Tinsley I will give you the name and address of your Bro. baptist if you want to tackle him. He is not a Socialist either.

Bro. Tinsley if you are going to discuss Socialism with me you must fold your wings and come back to earthly things.

In order to bring Mr. Tinsley back to the subject I present him a few questions:

Do you believe that each and every one should have all they create or its equivalent in dollars? Socialists do.

Do you think that the working man is paid for all the wealth he creates? Socialists don't.

Do you think that a man can become a millionaire honestly? I don't.

Do you think that one man has a right to speculate on the labor of other men? Socialist don't.

Do you believe that our government should own our public utilities? Socialists do. R. A. Davis.

A Damnable Law.
The Democratic party has passed many laws that should never have been passed and a great many of them should be repealed the first opportunity, but the most damnable law ever passed by any legislative body in the world, is the present Kentucky primary law. The dark ages never produced anything like it.

Think of the Judge of a Court, in order to get his name on the ballot to be voted for, must go before an officer authorized to administer an oath, and swear that he is a Republican if he wants to run on the Republican ticket, or a Democrat if he wants to run on the Democratic ticket now, and swear that he is going to vote the Republican ticket in November (even if his candidate steals a horse between now and that time). He must swear also that he registered as a Republican at the last general election, and his affidavit must be accompanied by the affidavit of two other Republicans, and yet the law says that you cannot make a man tell how he voted, because we have the secret ballot system. The affidavit we have mentioned, instead of qualifying a candidate ought to disqualify a candidate for that office. You must make the same affidavit for every office from Governor down to a member of the Common Council.

The Republican party for years has been fighting for a nonpartisan Judiciary, but a man that can't swear and prove it by two good witnesses has no chance to get his name on the ballot.

The framers of that law had in mind low down dirty politics, its main object being to prevent a union of Republicans, Independent Democrats and Progressive, and to keep the offices in the hands of rank partisans. Every community in the State should rise up and demand a repeal of such damnable laws, as soon as the legislature convenes again, and there ought to be found in the State enough honest Democrats to assist in that worthy cause. An honest man wants the sense of the people on all questions, a dishonest man wants to throw every obstruction in the way to prevent an honest expression of the people. So do it by having a law passed to give them the power, under the forms of law, while others in the absence of a law resort to ballot box stuffing, bribery and other known devices, common in Kentucky and Indiana. Which one of these are the

most objectionable we will discuss later on but for the present, we want it understood that we are going to fight for a repeal of the obnoxious primary law.—Owensboro News.

The Exact Point.
"A train leaves New York," supposed the teacher, "traveling forty miles an hour. It is followed thirty minutes later by a train traveling eighty miles an hour. At what point will the second train run into the first?"

The class seemed at a loss; that is, all except Willie Green, who was standing in the aisle vigorously wagging his hand.

"Well, Willie," said the teacher. "At the hind end of the rear car, ma'am," answered Willie.

Necessity For Good Roads.

Did it ever occur to you that one of the greatest distinguishing characteristics of the human race is the ability to make good roads. The creatures of the animal world can make their way back to their homes, some of them can even follow fixed routes for short distances but it is reserved to man to appropriate an open way for passage and travel. Mankind alone can fix a means of internal communication and transportation between points. This fixed passage way we call a road. It may be only an Indian trail or it may be the City Boulevard. In either case it is called a road.

Roads are, therefore, variously constructed according to the civilization of the people and the nature of the country which the roads serve. Another great factor influencing the construction of the roads, and in fact, determining their kind and location to a very great extent is the volume and kind of traffic that passes over the roads.

Roads are the arteries of commerce and travel. Through them flows the lifeblood of the nation. A community isolated, is a community that is dying or dead. It can not grow. It can not broaden.

The only thing that keeps the United States together as one whole united people, notwithstanding its varied population of many nationalities scattered over myriads of square miles is the constant travel within the nation.

We have within this country 2,199,645 miles of roads, of which only 190,476 miles are improved by any method whatsoever.

Out of this great nation mileage, Kentucky has 58,000 miles of road altogether, and the total mileage of the improved roads in Kentucky amounts to 10,636 miles.

Ten years ago Kentucky ranked fourth among all the states of this Union in the mileage of her improved roads. To-day she stands tenth from the front. Kentucky has not been backsliding. She has merely stood still and let the other states push ahead of her. Thus she lost her rank.

We can easily see therefore that the earth road is by far the most common type of highway with which we have to contend in this country. In fact it is about the only kind of highway that we have at present in this country.

The reason for this we find in the fact that until comparatively recent date, very little, if any attention was given to road construction or maintenance of roads.

It shall be the purpose of the writer from time to time as the occasion permits to call attention to cheap efficient methods for maintaining our earth roads in a more or less passable condition the year round. It should be understood however that efficient methods of maintenance of earth roads, if used at the proper time and upon the proper soils will produce a good road for travel at times when the road without such repair would be impassable. But it must be understood that a well maintained earth road is not and never can be made as satisfactory or efficient under all conditions as a well constructed gravel or broken stone road. However, when a dirt road is in condition there is no superior road to be found, and the fact that we can not make our dirt roads equal to the best macadam should not deter us from getting the maximum good out of what we now have.

A Medicine Chest For 25c.

In this chest you have an excellent remedy for Toothache, Bruises, Sprains, Stiff Neck, Backache, Neuralgia, Rheumatism and for most emergencies. One 25c. bottle of Sloan's Liniment does it all—this because these ailments are symptoms, not diseases, and are caused by congestion and inflammation. If you doubt, ask those who use Sloan's Liniment, or better still, buy a 25c. bottle and prove it. All druggists. 3

The Observing Child.

There had been a missionary sermon and collection at a certain church and a little girl who accompanied her father to the service seemed perplexed and meditative.

When she reached home she asked her mother whether the natives of Africa, of whom they had heard, wore clothes.

"No," replied the mother, "they don't."

"Then," retorted the young observant young lady, "what was the use of the button that father gave to the collection?"

Children Cry FOR FLETCHER'S CASTORIA

The Hottest Shot.

At a recent Democratic meeting Senator John W. Kern indignantly denounced the partisan Republican newspapers that were criticizing the peerless Bryan and his equally peerless chief because of the Colonel's

registration. If Senator Kern were a careful reader of the newspapers he would know that most of the violent comment on this controversy has come from Democratic sources. Just look over this outburst of Col. Henry Watterson, the leading Democratic editor of the country.

"Unfeeling and disloyal by nature, inordinately selfish, avaricious, egotistical, without any sense of the true relations of life and duty, or decent regard for the fitness of things this commonplace person, by force partly of assertion and partly of circumstance, gained the front of the stage, and has contrived to retain his place there against delinquencies the like of which has never been known."

The Atlanta Constitution, the leading Democratic newspaper of the South, after denouncing Bryan in unmeasured terms, announces that it will not hereafter print his name, and urges newspapers to follow its example.

Office Of Commissioner Of Motor Vehicles Frankfort.

The Automobile Department at Frankfort will contribute to the State road fund for the year 1915 about \$120,000. This is double the receipts of any previous year.

When the 1915 plates were ordered, more than a year ago, it was estimated that 10,000 pair would be sufficient but more than 15,500 have already been issued.

The total receipts of the office to date this year are \$102,000 and this would have been very materially increased but for the fact that 5,750 old cars and all new cars have paid only the proportionate part of the fee for the license to run to Jan. 1st, 1916.

When the act of the General Assembly of 1914 became effective there were 5,750 licenses that did not expire Jan. 1st, but ran into 1915. These were the Series "G" licenses with tags of black with letters in white. This has caused much confusion as there were two kinds of tags good during the first six months of 1915 and many people were laboring under the mistaken impression that a large number of cars were being operated on improper licenses. This confusion was removed on June 16th and all tags now in use should show the date "1915" on the right hand end of the plates.

Local officers in many places are arresting all motorists seen with improper tags, and to avoid trouble all drivers should see that cars are registered for this year and are carrying tags with a white background with red letters.

In 1916 when all cars now in the state renew their licenses and pay the full fee for the year there should be collected for the highways of the state not less than \$175,000 and probably much more.

When The Decline Began.

The decline of the American merchant marine, says the Indianapolis News, "may be traced from the time iron began to be used in the construction of ships." That is one way of putting it, the Free-Trader's way. The truth of the matter is that the decline began when the effective policy of discriminating duties, the best possible form of marine protection, was abandoned. And the American merchant marine will never be revived until, through the restoration of that form of protection, foreign exporters find it cheaper to pay a higher freight rate to American ships and then escape the payment of preferential tariff duties.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me." Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. LATEST WAR NEWS

Monday.

Teutonic Allies.—The fighting to the east of the Vistula River, in Southeastern Poland, has lost for the moment much of its vicious character. Both the Berlin and Vienna official statements say that comparative calm prevails in the Lublin-Chelm region, near Ivangorod and in the region of the Bug River, where it flows across the border of Russian Poland into Galicia. In addition to having moved heavy forces into the Narew, the Teutonic allies have made and advance in the direction of the Bug, with an important railway as their objective. Some progress also is recorded to the south, with the capture of two villages, which were taken by storm.

Germany.—The Germans have resumed their submarine campaign after a period of inactivity, and one British, one French steamer and five British trawlers have been sent to the bottom by underwater boats. Four men of the crew of the British steamer Firth were killed. Ten men of the crew of a Grimsby trawler, which was destroyed by a mine, lost their lives.

Italy.—The latest official communication issued at Rome lays no claim to the capture of Gorizia or the evacuation of that town by the Austrian general staff, both of which reports have been current, merely asserting that all Austrian attacks along the Isonzo front have been put down.

France.—Severe fighting has occurred on the western line in the Vosges. French troops have stormed and carried strong German defensive works between La Fontelle Heights and the village of Launois, more than 700 unwounded Germans being taken prisoners. Artillery engagements have prevailed on most of the other sectors, where there was any fighting at all along the western line. Berlin admits that the French have established themselves in portions of the German trenches in the Vosges.

Russia.—The Russian Government in order to show that all the political parties are harmonious as regards the war, will give the Socialist and Labor members of the Duma

representation on the Military and Naval Committees.

Tuesday.

Germany.—Along the Narew, despite the obstinate resistance of the Russians, the Germans have forced a crossing of the river. Above and below the fortress of Ostrolenko the Russians are being slowly pushed back toward the Bug River and the Germans are advancing toward the fortifications around Norogeorgievsk and Warsaw.

A German air raid on the Vistula bridge at Warsaw was without material result, but several civilians were killed. In Southeastern Poland the capture of a large number of Russians is claimed by the Germans.

United States.—The American steamer Leelanaw has been sunk by a German submarine off the Orkney Islands. The steamer had aboard a cargo of flax and was bound from Archangel for Belfast. The commander of the submarine stopped the Leelanaw and finding that she was carrying contraband ordered her crew off and sent the vessel to the bottom.

England.—Fresh successes for the British against the Turks along the Euphrates River and the capture of the town of Nasiriyeh are announced by London. Five hundred Turks were slain in front of the main position and several hundred others were captured. The British, however, did not gain the victory unscathed, their casualties numbering between 300 and 400.

Italy.—Fierce fighting continues to rage on the eastern sectors of the Austro-Italian front, especially on the Doberdo plateau, where the Italians have attacked relentlessly, but have successes.

Austria.—In the region of Korn the Italians are declared to have suffered heavy losses from the Austrian artillery after having been repulsed in hand-to-hand fighting, in which the Austrians rolled boulders down the mountainside on their foes. An Austrian aviator has dropped bombs on Verona.

Wednesday.

Italy.—A Swiss newspaper declares it has received a special dispatch from Laibach, Austria, an-

nouncing the commencement of the evacuation of Gorizia by the Austrians, and declaring also that it is only a question of hours before Podgora will be given up under the Italian assaults. It is added that the Austrians at Doberdo guarding the route to Trieste have been unable to hold their position.

France.—Paris claims, and Berlin admits, the capture of the French in Alsace of advanced German trenches to the north of Muenster. The French capture, Paris says, gives them the heights that dominate the principal valley of the Fichtel as well as the highway from Notre Dame des Trois Epis. The captured front is a mile and a third in length.

Russia.—In both Northwest Russia and in Poland the Russians at various points assumed the offensive. Especially great was the Russian attack against the Germans crossing the Narew, the offensive movement of the Muscovites extending from Gogorowo, near Rozan to Serock, to the south of Pultusk—a front of some sixty miles.

Austria.—Austrian hydroaeroplanes have dropped bombs on Verona. It is stated that the material slight.

Germany.—The loss of thirteen vessels some of them neutral, as the result of Germany's submarine warfare was reported yesterday.

Thursday.

Russia.—The Russians have halted at many points the advance of the Austro-Germans who were moving swiftly on Warsaw only a few days ago. The answer to the German onslaughts has been a series of Russian counter attacks that for the time being, at least, have proved effective both in the destruction of men and in the maintenance of positions.

Germany.—If the German Field Marshal Von Mackensen is making any advance in the southeastern sector of the great Polish line, nothing concerning it has been permitted to become known. "The situation of the German troops is generally unchanged," says Berlin.

The Land of Yesterday.

If one could only find the way
Into the land of yesterday!
How I would thrust the miles aside
Rush up the quiet lane and then,
Just when her roses laughed in
pride,
Find her among the flowers again.
I'd slip up silently and wait
Until she saw me by the gate,
And then * * * read through a
blur of tears.
Quick pardon for the selfish years.
This time, this time, I would not
wait
For that brief wire that said: Too
late!
If I could only find the way
Into the land of yesterday,
I wonder if her roses yet
Lift up their heads and laugh with
pride
And if her phlox and mignonette
Have heart to blossom by their side;
I wonder if the dear old lane
Still chirps with robins after rain,
And if the birds and banded bees
Still rob her early cherry trees.
I wonder if I went there now,
How everything would seem, and
how—
But no! not now; there is no way
Back to the land of yesterday.

BASE BALL DOPE

The McHenry braves played the Rockport team at Rockport Sunday, beating them on their own ground, score being 8 to 6, also winning 2 out of 3 games that have been played with Rockport this season.

The game was played in flashes, however there were some mighty good plays made.

Of course old reliable Rogers had to pull off his old regular stunt, and knock a homer with 3 men on bases. And the long run he made in center field when he caught that fly ball was also noticed. But remember, good people, the rest of the team are around here also, by a large majority.

What about old Jack Thorpe, that wonderful catcher you hear so many people talking about. "The boy with a young cannon hung on his right side. He went back in the trees and got a long foul, which was to poor little Shorty Green's sorrow. And don't leave old short stop Watson out, for to see that boy pick them up makes the old fans say great big words.

Now even look at Goodall on first and just take notice how that boy plays that bag, and old McKinney over on second, that faces that Jack Thorpe's cannon. You don't see him let any go by, and the little southpaw Willson on third base makes them all live hard. Now as to Parrott, who is pitching some ball this summer. He gets better every game. Just talk to him, and he makes them lay it down. And Jack's baby brother, Ralph, the fellow that eats spike nails for breakfast, and fights a circle saw was placed in right field Sunday, but as he mopped up with the first fly knocked him he didn't get any more, as they saw he could field as well as catch. And old Rowe over in left field, he never lets them get by him. It is good night "Irene" when they go toward him.

We braves believe in ourselves, and will play anybody. Just call us up and ask for manager Torrence.

A Fish Story.

The late Justice Brewer was with a party of New York friends on a fishing trip in the Adirondacks, and around the campfire one evening the talk naturally ran on big fish. When it came his turn the jurist began, uncertain as to how he was going to come out.

"We were fishing one time on the Grand Banks for —er—er—for—" "Whales," somebody suggested. "No," said the Justice, "we were baiting with whales."

Children Cry FOR FLETCHER'S CASTORIA

Being A Soldier.

"One of the popular songs of the day is: 'I Didn't Raise My Boy To Be a Soldier,' writes Colonel Bryan in the Commoner, and adds: "It expresses a sentiment embedded in the heart of every American mother."

Colonel Bryan isn't very familiar with the average American mother if he thinks that whining song expresses what is in her heart. If the mothers of America had been "peace at any price" folk, their mollycoddle

sons would never have achieved the independence of the republic, or maintained its integrity since.

Imagine Mary, the Spartan mother of George Washington, rocking the cradle of that future soldier of liberty to the dismal ditty, "I Did Not Raise My Boy To Be a Soldier!"

The real American mother raises her boys to be men, and if being a soldier under the circumstances which create the necessity for soldiers in this country, is a part of that job, the real American mother does not want her boy sneaking down the back alleys to escape the mustering officers while his fellows take up arms in defense of their country.

Nancy Hanks did not raise her boy Abraham Lincoln, to be assassinated, but if she had known that this was

to be his fate, being a woman of whom such a man could be born, it is not probable that she would have prayed that he be saved that end in order to die of gout or old age instead.

The trouble with the ultra pacifists is that they are endeavoring to pervert the wholesome American opposition to aggressive, domineering militarism into the wishy-washy sentimentalism of non-resistance against that very evil. They forget that as it takes two to make a quarrel, it takes two to make a peace. They are preaching the doubtful virtue of pusillanimity. Before exposing their country to the dangers of unpreparedness, why do they not first test out their doctrine of undertaking to cure burglary by taking the locks off their doors?—National Republican.

PERKINS FOR AUDTOR

To the Republican Voters of Ohio, Muhlenberg and Butler Counties and the Fourth Congressional District.
Stop—Look—Listen—Safety First. A Business man for a Business office.

John M. Perkins of Frankfort is a Republican candidate for Auditor of Public Accounts. He is a man of excellent character and habits. He will strengthen the state ticket if nominated. He is being supported and endorsed by leading Republicans all over the State. Louisville Republicans will endorse him at the August primary. As State Auditor he will, by reason of his office, be chairman of the Board of Valuation and Assessment, the most important board in the State. He is a successful business man and affairs of State will be in good keeping when placed in his hands.

He is thoroughly endorsed by Judge Robt. H. Winn of Mt. Sterling, formerly chairman of the State Central Committee; by Wm. D. Cochran, permanent chairman of the platform convention held at Lexington June last; by E. T. Franks, chairman of the State Central Committee; by Jas. A. Scott, 11th district State committeeman; by Frank B. Russell, secretary of the Jefferson County Republican Committee and many other prominent Republicans, including four-fifths of the State Central Committee.

VOTE FOR JOHN M. PERKINS AT THE AUGUST PRIMARY.
